

Why is ketosis critical for humans at infancy and when their brain is suboptimal?

Post by "sanibelle" of Sep 9th 2013, 10:24 pm

Hallo Inger!

Ich find jetzt in dem Artikel gar keinen Hinweis auf vegane Schwangere?!
(kann aber auch an meinem Englisch liegen...)

Und:

Quote

ketones are the main substrate for synthesis of brain lipids that are vital for optimal brain function as a child develops.

wider spricht das nicht
